School of Medicine was jointly established by University of Electronic Science and Technology of China and Sichuan Provincial People’s Hospital in September, 2013, striving to be an open, modern, research-oriented, and distinctive medical school.
Introduction

School of Medicine is aiming:

- To promote the combination of information technology and medicine by taking informational medicine as its focal point;
- To train advanced medical talents in many different areas and at a range of levels;
- To create a domestic first-class medical talent training base and medical science and technology innovation center;
- To be an open, modern and distinctive medical school that is both domestically first-class and also internationally renowned.
Presently, the School has 94 faculty members.

**Faculty Members**

- Professors: 61 (64.89%)
- Associate Professors: 32 (34.05%)
- Lecturers: 1 (1.06%)
- PhD: 48 (51.06%)
- Masters: 30 (31.92%)
- Bachelors: 16 (17.02%)
Master Programs
- Biomedical Engineering
- Biochemistry and Molecular Biology

PhD Program
- Biomedical Engineering

Professional Program
- Pharmacy
Sichuan Provincial Key Laboratory for Human Disease Gene Study

Organ Transplantation Translational Medicine Key Laboratory of Sichuan Province
Sichuan Provincial Key Laboratory of Ultrasound in Cardiac Electrophysiology and Biomechanics

**Training Objectives**

- To develop students’ general medicinal knowledge & clinical skills
- To develop students’ academic ability to analyze and solve problems
- To cultivate medical talents with outstanding qualities both for clinical practice or undertaking clinical researches

**Training Features**

- Apply a policy of a coherence series of medical educational program
- Endeavour to cultivate comprehensive medical talents in an all-round way and incorporate some relevant knowledge about electronic and information science
Education

Clinical Teaching & Training

- One laboratory center for general medical teaching and research (1400 square meters)
- One training center for clinical teaching and practice (2000 square meters)
- 26 teaching and researching sections
History & Honors:

Founded in 1941

Center of Clinical Service and Research of Sichuan Province

High ranking-top five among all the national provincial hospitals

Staff Members:

6467 in total

5384 clinicians, 296 professors and 565 associate professors

Medical Business:

400 hundred square meters of clinical facilities & 4300 beds for clinical use

Patient numbers have increased at a growth rate of over 15 percent per annum in the last ten years, and the number for the year 2014 reached to 4.4 million.
Clinical Specialty:
82 specialties, including 6 National Leading Clinical Specialties and 20 Provincial Leading Clinical Specialties

Clinical Research:
More than 80 nation-level researching projects
Over 1000 publications published in top academic journals each year

Teaching & Training:
12 PhD & 700 master students
Listed as the “Standard Base for Provincial and National Clinicians Training”, training more than 400 clinical practitioners or graduates every year
UESTC Hospital

Clinical Facilities

TrueBeam STx

PET-CT

DaVinci Robotic

Dual-Source CT scanner
**UESTC Hospital**

*Components*: The main hospital, two branches and two affiliate institutes

- **A. The main hospital** - Sichuan Provincial People’s Hospital
- **B. Institute of Dermatology and Cypridology**
- **C. Branch in Caotang District**
- **D. Branch in the Eastern District**
- **E. Institute of Medical Experimental Zoology**
Thank You!
